Leading an industry transition

Our sustainability commitments

Brighter Lives, Better World 2025: Doubling our positive impact

Better World

- Double the pace of the Paris Agreement
- Carbon neutral operations
- Energy efficient and solar portfolio

- Double Circular revenues to 32%
- Zero waste to landfill
- Plastic free packaging for consumer products

Brighter Lives

Double Brighter Lives revenues to 32% to increase:

- Food availability
- Safety & security
- Health & well-being

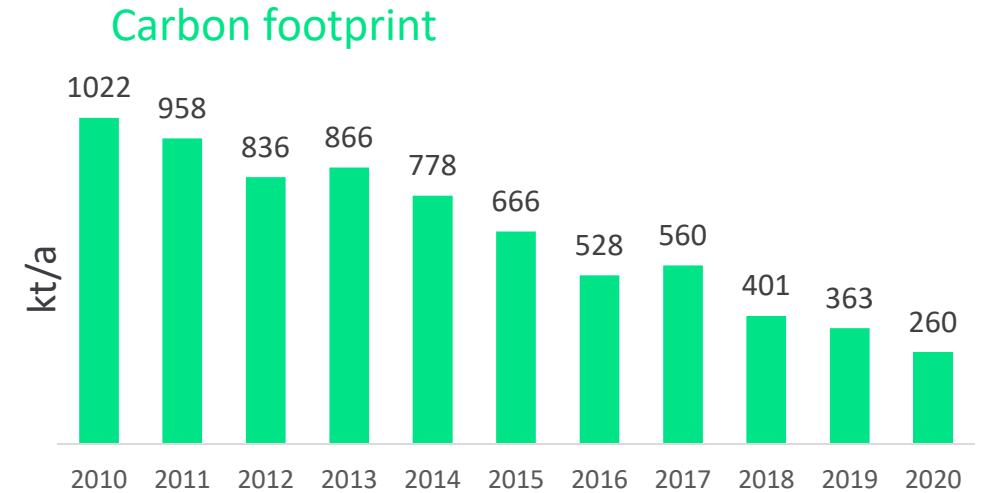

- Double our % women in leadership to 34%
- Light 10 million lives
- Drive supplier sustainability

We are carbon neutral

We reduced the emissions of our operational footprint:

- **Manufacturing: 46% less** emissions through LED, optimized HVAC, process optimization
- **Offices: 92% less** emissions through increased office space utilization and automated building processes
- **Logistics: 52% less** emissions through more sea freight and increased efficiency
- **Business travel: 80% less** emissions through more sustainable travel
- We shifted to 100% renewable electricity:
 - Virtual power purchase agreements in US and Poland
 - Solar energy in Gulf region
- Offsetting projects with clear societal and environmental benefits, such as own off-grid solar energy in rural India

Sustainability at the heart of our purpose

Climate change
& Resource scarcity

Demographic change
& Urbanization

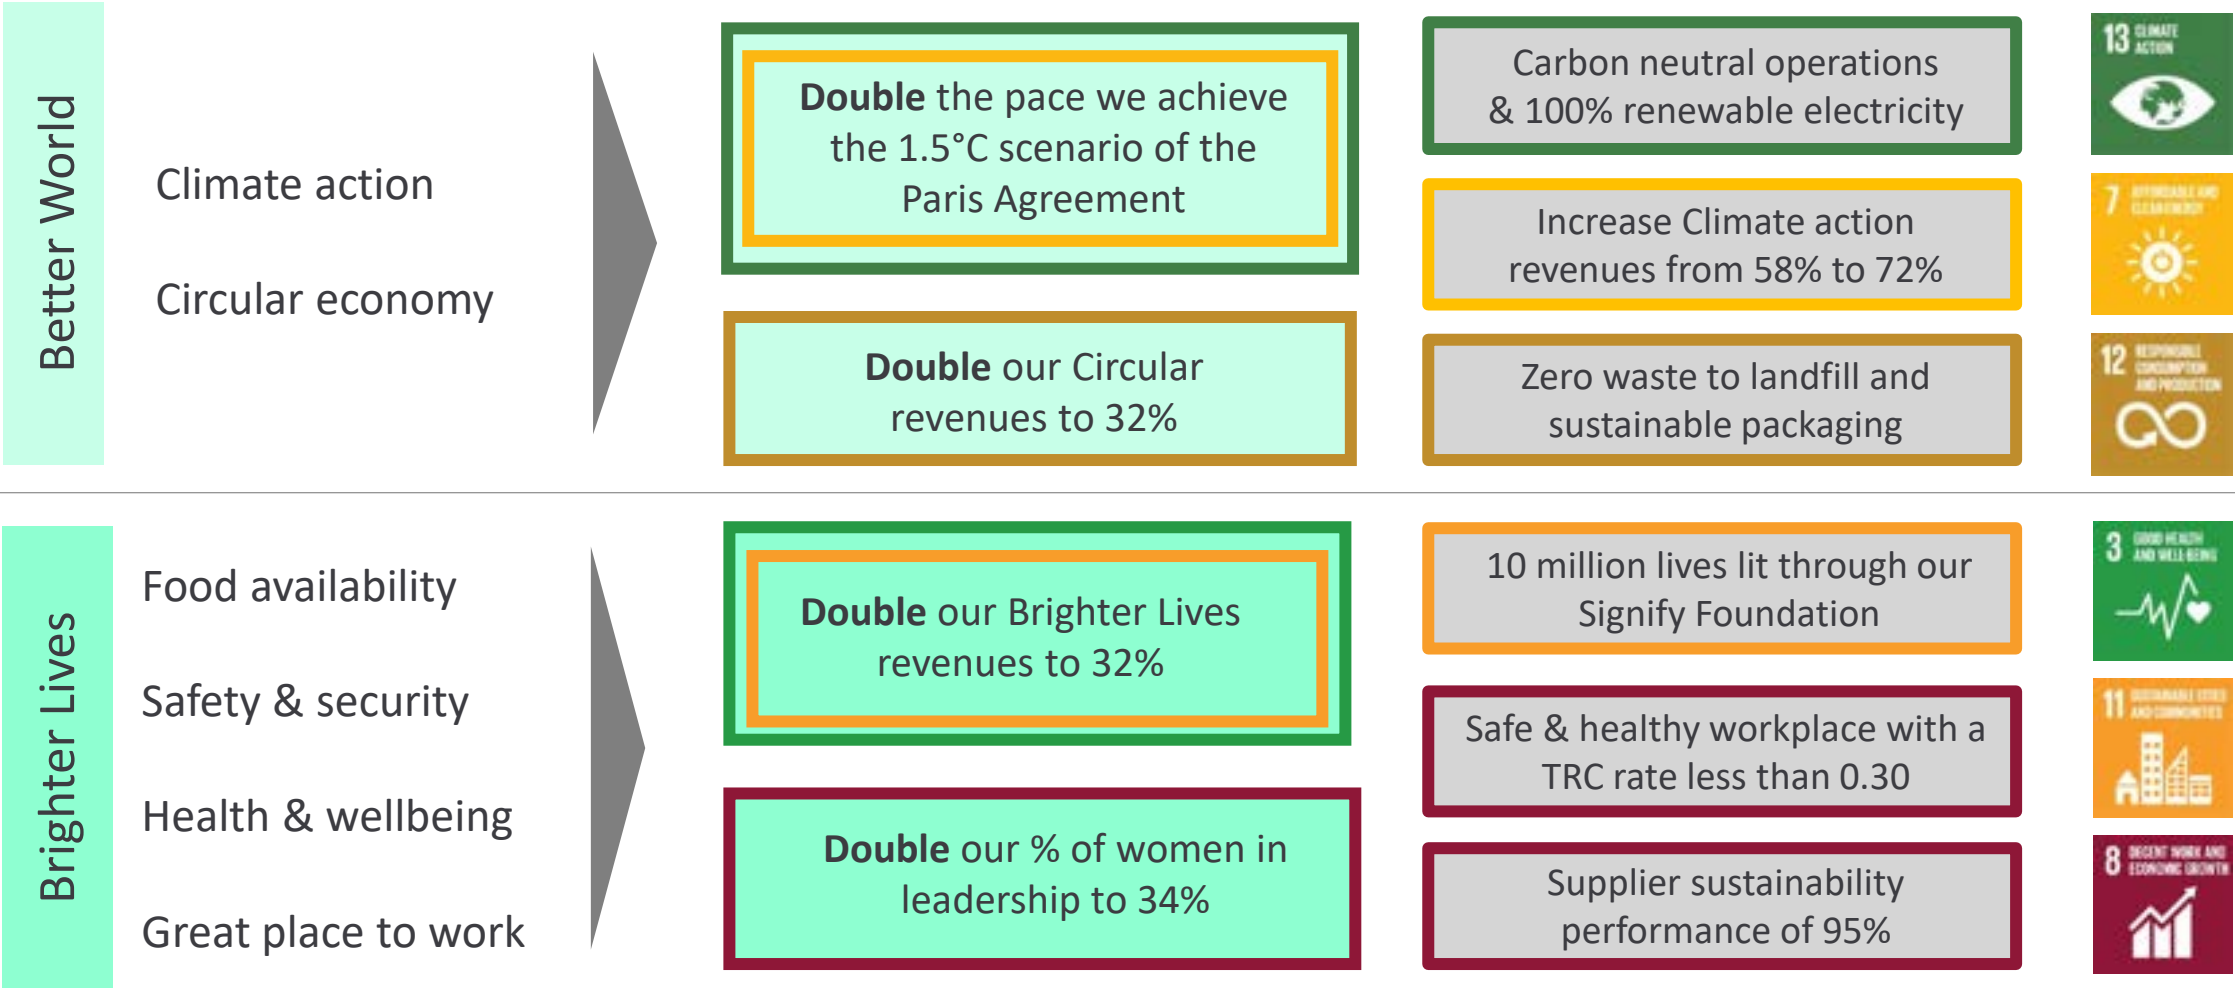

“Our purpose is to unlock the extraordinary potential of light for brighter lives and a better world”

Our new Brighter Lives, Better World 2025 program

We aim to double our positive impact on the environment and society

Brighter Lives, Better World 2025 – FY 2022 results

Doubling our positive impact on the environment and society

			2019 Baseline	Q4 2022 Result	2025 Target
